HOTEL: NYC

— *Wythe Hotel*

The recently opened Wythe Hotel in Williamsburg is another step in the right direction for this Brooklyn neighbourhood. Housed in a renovated factory built in 1901, the Wythe Hotel offers a range of accommodation options ranging from traditional king-sized bedrooms with views across the East River to Manhattan, to more unconventional options such as six-person “band” rooms, complete with three sets of bunk beds and two showers. Best of all, the hotel is served by Reynards, the new venture from restaurateur Andrew Tarlow located on the ground floor of the Wythe.

80 Wythe Avenue, Brooklyn. Restaurant open Daily 07.00-0.00.
