

STYLE ME *Pretty*

WHIMSICAL BROOKLYN WEDDING AT THE WYTHE HOTEL

OCT 29

by *Stephanie Weers*

I've come to find that New York City weddings are in a league all their own. They push the envelope of pretty and take city chic style to a whole new level. Exhibit A: this Wythe Hotel lovefest beautifully designed by DM Events. They brought the couple's quirky-yet-classic vision to life, and Elizabeth And Rich alongside Love + Brain Films captured every last bit.

From DM Events Planning & Design...When you are designing a wedding with details as gorgeous as your bride and as fun as your groom, you have a pretty easy job! That was definitely the case with Sara + Seth who said their I-do's at the Wythe Hotel. We channeled Sara's beauty in the centerpieces and place settings – soft florals in hues of peach and pink anchored the table, and crystal glassware and mercury vases and votives completed a classic, romantic look. Seth's rockstar personality was layered in using uber fun placemats, a naked milk bar cake and hilarious signage throughout the reception. But Sara is quite a rockstar herself, rocking glam silver high top sneakers and changing into her second look, an adorable white romper. Love and laughs filled the evening starting with a stunning etched chuppah and ending with every partygoer's dream: a grilled cheese food truck! We don't think these two stopped smiling all night, and that is what it is all about!
